

FIRST GRADE WEEKLY NEWS

When: Thursday, December 7th

Where: Tiger Academy Cafe

Time: 6 pm

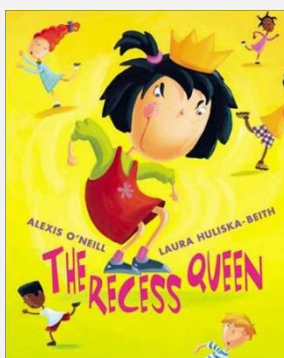

Tigers Today, Leaders Tomorrow

Instructional Focus

Reading:

- Key details
- Being a good classroom citizen

Math:

- How can I solve word problems with three addends?

We can group addends by using known facts such as tens or doubles to help us solve word problems more efficiently.

$$4 + 6 + 4 = \underline{\quad}$$

$$(4+6)$$

$$10 + 4 = \underline{14}$$

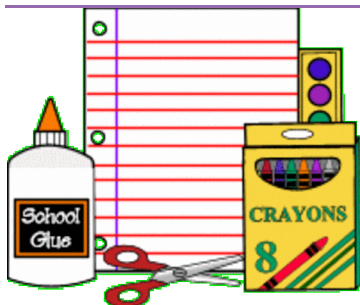

$$4 + 6 + 4 = \underline{\quad}$$

$$(4+4)$$

$$8 + 6 = \underline{14}$$

This is true because any way we group the numbers, we still get the same total.

School supplies need to be replenished every few months. Please ensure that your scholar and their teachers have everything necessary to be successful such as crayons, Lysol wipes, dry erase markers and erasers!

Upcoming Events

12/7: Holiday Musical

12/20: Jingle Bell Walk

12/22-1/1: Winter Break

Upcoming Field Trips: Dates TBA

Tiger Academy's Mission

To provide the children of the Northside a structured and nurturing learning environment that is focused on rigorous academic standards, character development, self-discipline, personal and social responsibility and family involvement.
