

AGGIES On A Quest For Success

April 16, 2018

... from Mr. Moore's Desk

Parents and Scholars...

I hope this newsletter finds you doing well. This is a first for me, as I don't have anything new to report.

I am extremely happy with the growth of our scholars and am looking forward to a successful report concerning their Reading FSA, which they take Thursday and Friday of this week.

Again, thank you for assisting me as we help your child climb this ladder of success! Please call me @ (904) 536-0031 with any questions or concerns.

Mr. Moore

THE WEEK AHEAD

Weekly Learning Standard

ALL Standards will be reviewed this week through mini fun assessments, small group and Jeopardy FSA

Very Important FSA Reminder

Parents as a reminder the FSA Reading Assessment is this week. It will be given Thursday and Friday. It is imperative that the scholars have well balanced meals this week and are present all day to review important information that has been taught all year long.

It is equally important that they keep their reading stamina consistent by reading nightly and reviewing their affixes.

Bedtimes should be adhered to and I am asking that video game time be cutback this week.
