

AGGIES On A Quest For Success

April 30, 2018

... from Mr. Moore's Desk

Parents and Scholars...

Three down and one assessment to go. That's right, writing, reading and math assessments are behind us and after Wednesday, all FSA assessments will have been taken. I hope this newsletter finds you doing well. We can all breathe a little easier now. I think that deserves a huge smile and shout.

Please keep in mind that just because FSA is over does not mean that school is over. The i-Ready final assessments will be taken during the middle of May. Also, during this month we will be getting ready for our promotion ceremony.

Again, thank you for assisting me as we help your child climb this ladder of success! Please call me @ (904) 536-0031 with any questions or concerns.

Mr. Moore

THE WEEK AHEAD

Weekly Learning Standard

Scholars will be supported in math activities, mainly fractions will be emphasized along with jeopardy

Very Important FSA Thank You & Announcement

Parents I am extremely thankful for each and every one that contributed to the Pre-FSA breakfast, prepared by Mr. Harrison and myself. I believe it was a hit and that it relaxed our babies.

I am equally thankful for your entrusting the academic growth of your scholars as it pertains to reading to me. It is my belief that each scholar will pull off an amazing feat that will make you extremely proud!
