

# AGGIES On A Quest For Success

## ... from Mr. Moore's Desk

Greetings Parents & Scholars:

This newsletter is basically a reminder of "The Move Our Kids Movement" newsletter from last week. I am inviting you to help me to help your child become a better reader. It is a simple request and all you have to do is help them with one short homework assignment each week.

Each Monday, your child will have a short reading assignment that asks you to listen to him or her **read out loud** and answer a couple of questions. Included in the brief instructions will be a hint or a tip that you can use to assist them with the assignment. That is all there is to it.

Please remember that your child will have a week to complete the assignment and receive credit for doing the work. Just sign it at the bottom indicating that you did, indeed listen to your child read out loud and assist him or her with the questions.

As always, feel free to contact me with any questions or concerns that you may have and thank you for entrusting me with your scholar's academic growth in reading. Have a blessed week.

Mr. Moore

(Brothers Accountable Driven & Determined)

This mentoring program that I founded with two gentlemen a little over eleven years ago is starting its Tiger program back up finally. Information has been sent home and meetings will begin this week

Any fathers that would like to assist, it is much appreciated. Also if you know anyone in various career fields that wouldn't mind coming out and talking to our boys, please let me know.
