Exceptional Education Students

Parents/guardians of Exceptional Education students (other than gifted) are to be involved in planning for disciplinary action or suspension from school through the development of an individual Education Plan (IEP).

An Exceptional Education student (other than gifted) who engages in a Class IV offense may be suspended from the school for up to three (3) days, pending a Conduct Review meeting. The purpose of the Conduct Review meeting is to determine whether the violation committed by the student is a manifestation of the specific disability. **If the Conduct Review committee determines that the offense was not a manifestation of the student's disability, the student may be disciplined in the same manner as a student without a disability.** If the Conduct Review committee determines that the offense was a manifestation of the student's disability, the student shall be referred back to the school for appropriate behavioral planning through an IEP conference or Multidisciplinary Referral Team determination of program appropriateness. Provisions for expulsion, which is a change in placement, invoke procedural safeguards ensured by state and federal statutes.

In certain offenses involving illegal drugs, controlled substances, weapons and/or serious bodily injury and following a Conduct Review meeting, the student may be placed in an interim alternative educational setting without regard to whether the behavior is determined to be a manifestation of his/her disability.

Students with Section 504 Plans

Students with Section 504 Plans may be suspended for up to three (3) days at one time.

Parents/guardians are to be involved in planning for disciplinary action or suspension from school through the updating of the student's Section 504 accommodation plan.

A student with a Section 504 Plan who engages in a Class IV offense may be suspended from school for up to three (3) days, pending a Section 504 Team meeting. The purpose of the Section 504 meeting is to determine whether the violation committed by the student is a manifestation of the specific disability. If the Section 504 Team determines that the offense was not aligned with the student's disability, the student shall be referred for appropriate disciplinary action. If the Section 504 Team determines that the offense was aligned to the student's disability, the student may not be subjected to a disciplinary change in placement for more than ten days. Additionally, a series of small removals exceeding ten (10) total days over the school year may establish a pattern of exclusions that are considered a violation of Section 504 regulations.

In certain offenses involving illegal drugs, controlled substances, weapons or serious bodily injury and following a review by the school's Section 504 Team, the student may be placed in an interim alternative educational setting without regard to whether the behavior is determined to be a manifestation of his/her disability.

EXTRACURRICULAR ACTIVITIES

Students will exhibit satisfactory conduct in order to retain eligibility to participate in extracurricular activities at Tiger Academy.

Unsatisfactory Conduct

Unsatisfactory conduct for participation in extracurricular activities is defined in the Standards of Student Behavior as Class, II, III, or IV offenses.

Disciplinary Action Extracurricular Activities

For Class II Offenses: The principal may use his/her discretion to apply a disciplinary action, including suspension or exclusion from one or all extracurricular activities or from a portion of one or all extracurricular activities, as he/she deems appropriate.

For Multiple Class II, Class III, or Class IV Offenses: The Principal shall suspend or exclude the student from one or all extracurricular activities as he/she deems appropriate but not for less than the term of the disciplinary action, if any.

FORMAL DISCIPLINARY ACTIONS AND PROCEDURES

Definitions Relating to Formal Disciplinary Actions

The following are examples of formal disciplinary actions that may or may not be used. Students and parents/guardians who desire to have further information about the disciplinary actions used at Tiger Academy should contact the school principal.

- **Before/After School Detention** – Assignment to a designated area on campus at the beginning or end of the regular school day for a specified period of time.
- **Behavioral Contracts** – A contract entered into between a teacher or administrator and a student and his/her parent/guardian in which all parties agree to certain actions in an attempt to modify a student's behavior. The contract shall also contain consequences for breaking the agreement.
- **Cafeteria Suspension** – Denial of the privilege of eating meals in the cafeteria with other students for a specified period of time and assignment to another area in the school for meals.
- **Class Suspension** – Denial of the privilege of attending an individual class for a specified period of time and assignment to another area in the school for the time the class meets.
- **Corporal Punishment** – Moderate use of physical force or physical contact by the principal as may be necessary to maintain discipline or to enforce a school rule. The term "corporal punishment" does not include the use of reasonable force by a teacher or principal as may be necessary for self-protection or to protect other students from disruptive students (Florida Statute 1003.01)
- **Expulsion** – Removal of the right and obligation of a student to attend school under conditions set by the Board of Directors.
- **In-School Suspension** – Assignment to a designated area within the school when a student is removed from the regular school program for a specified period of time.
- **Network/Internet Suspension** – Certain technology-based infractions may result in a suspension of network and/or Internet access. Alternative instructional materials may be provided.
- **Saturday Detention** – Assignment to a session at the school on Saturday for work assignments, academic work, or guidance.
- **School Bus Suspension or Revocation.**

- **Suspension** – Removal of students from their regular school program for a period **not to exceed ten (10) days**. Pursuant to Florida Statute 1006.09, no student who is required by law to attend shall be suspended for unexcused tardiness, absence or truancy. Therefore, suspension is not an appropriate disciplinary action for standard violation 1.05 and 1.10, as it relates to students who fall within the mandatory state attendance requirements. **NOTE: A student who has been suspended or expelled from school and returns to school property without being authorized to do so is considered trespassing and is subject to arrest.**
- **(Disciplinary) Work Assignments** – Supervised activities related to the upkeep and maintenance of school facilities.
- Other disciplinary actions and procedures as established by Tiger Academy administration.

PROCEDURES FOR ADMINISTRATION OF FORMAL DISCIPLINARY ACTION

When a formal disciplinary action is required, the principal/designee will make every reasonable effort to contact the parent/guardian immediately. If telephone contact cannot be made, written notice will be sent home with the student, or placed in the U.S. Mail within twenty-four (24) hours.

It is responsibility of the student to notify and/or deliver to his/her parent/guardian all written communications from the school. Failure to do so may result in further disciplinary action.

When disciplinary action reaches the level of denial of educational participation, the following procedural steps shall be adhered in order to protect the rights of the student.

Suspension

The student shall be given notice of the charges against him/her and shall be given the opportunity to present his/her explanation of the situation before any action is taken.

When a suspension is necessary, the principal/designee will make every reasonable effort to contact the parent/guardian immediately. Written notice shall be sent to the part/guardian via **U.S. mail within twenty-four (24) hours**, regarding the reason disciplinary action was taken. Generally, a notice and a conference should precede the student's suspension from school. However, if the immediate suspension of the student is justified because the student's presence endangers others, school property, or would seriously disrupt the orderly academic process, the mailed notice will follow as soon thereafter as is practical. The parent/guardian may request a conference with the principal/designee regarding the suspension.

Exceptional Education Students

Exceptional Education Students (other than gifted) may be suspended for up to three (3) days at one time. In order to be suspended, an exceptional education student (other than gifted) **must have an IEP that includes suspension as a disciplinary alternative**. **In an emergency situation, a student whose IEP does not include suspension may be suspended for up to three (3) days, provided an IEP meeting is scheduled within the period of time.**

Students with Section 504 Plans

Students with section 504 plans may be suspended for up to three (3) days at one time. In order to be suspended, students with Section 504 Plans must have a Behavior Management Plan that includes suspension as a disciplinary alternative. In an emergency situation, a student whose Behavior Management Plan does not include suspension may be suspended for up to three (3) days, provided a Section 504 Team meeting is scheduled within that period of time.

Class IV Offenses

The principal is initially responsible for determining that an offense has been committed. In investigating such incidents, the student will be given, in writing, the pending charges and an opportunity to admit or refute those charges. It should be noted that any statement the student makes might be used, with other documentation, to prove the student is guilty of the offense (s) charged.

The principal will review the above documentation with the parent/guardian. If, at the disciplinary conference, the principal concludes that extenuating circumstances exist, the student is eligible for admission back into the school following the determination of appropriate disciplinary action to be taken.

Procedures for Long-Term Suspension and/or Withdrawal

If a student is being considered for removal from Tiger Academy, the Principal shall provide written notice to the student and his or her parent(s) or guardian(s) that the student is being considered for long-term suspension or withdrawal.

The written notice to the student and his/her parents/guardian shall set a time and place for a meeting with the Principal and a representative of the school's Board of Directors. This meeting should be scheduled within ten (10) school days after the occurrence of the alleged incident. The representative of the Board of Directors may schedule a different date for the meeting when good and sufficient cause is shown by either the student's parent or the Principal.

Notice to the student and his/her parents/guardian shall include:

- A. A statement that a meeting will be conducted and the tentative time and place for the meeting;
- B. A copy of the Standards of Student Behavior rule(s), regulation(s) or law(s) allegedly violated and a description of the acts of the students alleged to have constituted such a violation;
- C. The names of any witnesses and a summary of the evidence expected to be used in support of the charges;
- D. The maximum penalty that could result from the alleged misconduct;
- E. A statement that the parties at the meeting will be afforded the opportunity to present and respond to evidence and to examine and cross-examine witnesses on all unresolved issues;
- F. A statement that the parties at the meeting have the right to be represented by legal counsel; and,
- G. A statement that a verbatim electronic or written recording of the meeting will be made and be available to all parties.

The principal shall thoroughly investigate the alleged incident, examine all evidence and witness accounts. Written statements, signed and dated, should be obtained from alleged victims, alleged participants and witnesses, together with other information or evidence relevant to the incident. All such statements, evidence and information shall be made available to all parties and to the school's Board of Directors representative prior to the meeting.

Prior to the meeting, the Principal shall also provide to all parties and to the school's Board of Directors representative a copy of : the student's test record card; the current status of the student's academic and conduct grades in all classes; the student's attendance report; detention assignments with reasons; an anecdotal report citing discipline, attendance and academic records, and any prior counseling sessions and parent/guardian conferences with dates, reasons, and results; copy of any police report; exceptional student IEP; Section 504 plan; and any other information or evidence relevant to the incident. Any confiscated drugs, weapons or other criminal evidence should be transferred to the Jacksonville Sheriff's Office.

Conduct of Hearing

The Principal, Executive Director and/or the school's attorney, the student or his/her parents or legal representative and a representative of the school's Board of Directors may question any matters logically relevant to the charge against the student and the proper disposition of the matter. The Board of Directors representative has authority to limit unproductively long or irrelevant questioning. Objections to the sufficiency of notice and all other procedural or other objections will be waived unless notice thereof is filed with the Board of Directors at least 24 hours prior to the time that the meeting is scheduled to begin. The meeting may be postponed until all such defects have been cured or removed.

When more than one student is charged with violating the same rule(s) and have acted in concert, and the facts are basically the same for all students, a group hearing may be conducted for them if the Principal believes that the following conditions exist: (a) a single meeting will not likely result in confusion; and (b) no student will have his/her interests substantially prejudiced by a group meeting. If during the meeting, the Board of Directors representative finds that any student's interests will be substantially prejudiced by the group meeting, he/she may order a separate meeting for that student.

Written Summary and Notification

Following the meeting, the representative of the Board of Directors via the principal shall issue a recommendation to Tiger Academy's Board of Directors. The recommendation will include a description of the behavior, a description of the alternatives explored, and prior action taken to resolve the problem. The parents, should they so choose, may also present materials for the Board. The Board will then render a formal decision.

A written summary of the proceedings shall be prepared, which includes a description of the incident and the disposition thereof but shall not contain the names of any party to the incident. The summary shall be a public record. Upon long-term suspension or expulsion of a student from Tiger Academy, the Duval County District Office and appropriate receiving school to which the student is zoned will be notified.

Appeals Procedures

Procedures for Appealing Disciplinary Actions - Parents/guardians wishing to appeal a disciplinary action for a Class I, II, or III offense may appeal to the principal/designee within three (3) days. If a satisfactory resolution cannot be obtained, the parent/guardian may appeal to the Executive Director. This appeal is a review of documentation and does not involve a formal meeting.

TIGER ACADEMY ATTENDANCE POLICY

STUDENT ABSENCES, EXCUSES AND TARDINESS

1. Students returning to school from an absence shall be required to present a written, explanatory excuse from their parent(s) or legal guardian, stating the cause for the absence.
 - A. The following causes are acceptable excuses for being absent:
 - 1) Illness or injury of the student;
 - 2) Serious illness or death in the student's family;
 - 3) Inclement weather;
 - 4) Official religious holiday of a religious sect or for religious instruction (see below);
 - 5) Participation in an academic class or school programs such as study trips, competitions, etc.,
 - 6) Insurmountable conditions as determined by the school principal or other school personnel; and,
 - 7) A bus failure or irregular schedule which causes the absence or tardiness of a student who is eligible for and regularly transported by the school.
 - B. Missed work shall be made up for **all** absences; which includes suspension. A day of make-up work shall be allowed for each day of absence, when appropriate, pursuant to the Student Progression Plan. Each student shall receive full credit for such work.
 - C. A student shall be excused from attendance on a particular day or days, or for part of a day, and shall be excused from any examination, study, or work assignment for observation of a religious holiday or because the tenets of his or her religion forbid secular activity at such time. Teachers shall give each student the opportunity to make up any examination, study, or work assignment which has been missed for religious purposes and the student shall receive full credit for such work.
2. The parent of a child of compulsory age is responsible for the child's daily attendance. Nonattendance for instructional activities is established of tardiness, early check outs and absences for all or any part of the school day.

For learning activities to be fully effective, it is reasonable to require that each student to class on time and remain for the entire scheduled school day. A student who is tardy to class or who is checked out early not only places his or her learning in jeopardy but also interrupts the learning of other students.

- A. Tardiness is defined as the physical absence of a student in the classroom at the beginning of a regularly scheduled session at which he or she is scheduled to be present when the school tardy bells ring.
- B. Early check out is defined as a parent or guardian signing out a child before the end of the school day.
- C. A parent shall notify the school as to the reason for the tardiness or early check out. Justifiable reasons shall be determined by the principal.
- D. Schools shall establish procedures for early check outs that ensure students are treated consistently. A student should not be released within the final forty-five (45) minutes of the school day unless the principal/designee determines it is an emergency or an excused event.
- E. The school will provide written notice to parents after three (3) tardies or three (3) early check outs within thirty (30) days. Additional tardies or early check outs will result in the following interventions:
 1. A mandatory parent conference with the school manager;
 2. A mandatory conference with the principal.
- F. Students will not be recognized by the school for perfect attendance when they have three (3) or more unexcused tardies or three (3) or more unexcused early check-outs.
- G. Six (6) unexcused tardies or six (6) early check outs in any fifty (50) day grading period will result in a Class I violation of the Standards of Student Behavior.
- H. If it is determined that the parent is the cause of the chronic tardiness or early check out without an acceptable excuse, then a referral shall be made to the State Attorney's Office. For the purpose of this policy, tardiness and early check out without an acceptable excuse are seen as a violation of 1003.21 F.S. (compulsory attendance).
- I. A parent or guardian may appeal an unexcused tardy or unexcused early check out if the parent or guardian has documented proof of a student's chronic illness as a reason for the tardiness or early check out.

GUIDELINES FOR SAFE AND ACCEPTABLE USE OF COMPUTERS AND THE INTERNET

To comply with state and federal regulations, Tiger Academy requires that all students using computer technology in the schools, including network and Internet services have the permission of their parent/guardian. Students and parents/guardians must understand that the use of Tiger Academy computers, network and Internet service is a privilege, which may be terminated by the school for failing to abide by the guidelines described in this document.

The school's mission, goals, objective and standards will guide the instructional use of technology resources, including computers, software and the Internet. (Tiger Academy's goal in providing Internet connectivity is to establish direct access to appropriate materials that support curricular goals and objectives.) School faculty will integrate thoughtful use of computer technology throughout the curriculum and provide guidance and instruction to students in its use. Teacher supervision of independent student computer and Internet activities is the key element in effective and safe use of these resources by students. Teachers may present web sites to students during instructional times. Parent permission is required for student use of the Internet. No software can filter out all of the materials that are unacceptable in an educational setting and it should be clearly understood by all students and their parents/guardians that intentional access to such material, in any form, is strictly forbidden.

If a student feels there is a problem or feels uncomfortable with the information someone is transmitting to them, the student should tell his/her teacher, school site administrator or technology representative immediately.

There are various forms of electronic communications available on computer networks, including the Internet. At this time, Tiger Academy does not have a way to monitor all forms of student electronic communication. Therefore:

- Individual student e-mail accounts, instant messaging, chat rooms, bulletin boards, and other forms of electric communication are not considered authorized uses of Tiger Academy technology equipment.
- Students will not be authorized to access personal e-mail accounts using Tiger Academy equipment.
- Students may not send or receive e-mail messages using the teacher's account.
- Students may create a document that the teacher can review and the teacher may e-mail the documents for them.

Students and other users access a computer with unique network accounts or ID and passwords. **ID and passwords must never be shared.** The person in whose name a network account is issued responsible at all times for its proper use.

Plagiarism

The dictionary defines **plagiarism** as “taking ideas or writings from another person and offering them as your own.” The student, who leads readers to believe that what he/she is reading is the student’s original work, when it is not, is guilty of plagiarism. Credit should always be given to the person who created the words or idea. Unless it is otherwise stated, assume that all materials on the Internet, including Web sites and graphics, are copyrighted, and that existing **copyright guidelines**, such as those involving photocopying, electronic copying, multimedia, and fair use, apply. Students using computers and the Internet should be aware of what is and not allowed as it pertains to software, multimedia productions, and Web publishing.

Appropriate Behavior

Students are responsible for appropriate behavior when using Tiger Academy computers, electronic equipment network and the Internet just as they are in classrooms, school premises, and at school sponsored events. Students who disregard the guidelines for acceptable and safe use of computers and the Internet and/or district controls may have their privilege suspended and disciplinary action taken against them.

Disciplinary Actions

Safe and Acceptable Use of Computers and the Internet

Possible consequences for violations of the Tiger Academy use of computers and Internet policies include, but are not limited to:

- Suspension of Internet access
- Suspension of Tiger Academy network privileges
- Suspension of computer access
- Disciplinary actions as outlined in the Standards of Student Behavior
- School suspension and/or withdrawal
- Appropriate legal action, civil and/or criminal
