

First Grade Weekly News

Instructional Focus for the Week of April 30, 2018

Reading and Writing: Ready Gen Unit 4

- Retell stories using time words and phrases
- Describe events with relevant details
- Write a narrative with two or more sequenced events, using temporal words to signal event order

Math: Eureka Math Module 4

- Use tape diagrams as representations to solve put together/take apart with total unknown and add to with result unknown word problems.

A tape diagram representing a word problem. The diagram is a rectangle divided into two sections. The left section is labeled 'S' and contains 6 small circles. The right section is labeled 'P' and contains 7 small circles. Above the entire rectangle is a bracket with a question mark '?' above it. Below the diagram is the equation $6 + 7 = \boxed{13}$.

He saw 13 vegetables growing in his garden.

Problem 1: Lee saw 6 squashes and 7 pumpkins growing in his garden. How many vegetables did he see growing in his garden?
