JURISDICTION OF THE SCHOOL BOARD

Duval County Public Schools' students are subject to the rules and regulations of the Duval County School Board. The jurisdiction of the Board is in effect during the school day; at regular school-sponsored activities; during transportation on school buses, officially designated bus stops or at public expense to and from school or other educational activities; and at all times and places where appropriate school personnel have jurisdiction over students, including, but not limited to, school-sponsored events, field trips, and athletic functions. All school regulations and prohibitions pertain to automobiles driven or parked on school property. The School Board does not have jurisdiction on routes that students take when walking to or from school or officially designated bus stops.

Jurisdictional control over the student may extend to the immediate vicinity of the school when the conduct of the student is deemed to have a detrimental effect on the health, safety, or welfare of the school. In addition, with respect to bullying, the jurisdiction of the Board may extend to data or computer software accessed at a non-school-related location, activity, function, or program, or to technology or an electronic device that is not owned, leased, or used by Duval County Public Schools.

Duval County Public School employees are not responsible for supervising students who arrive on school property 30 or more minutes before school or a school-sponsored activity is scheduled to begin. Further, Duval County Public School employees are not responsible for supervising students who remain on school property 30 or more minutes after school ends, or 30 or more minutes after a school-sponsored activity ends.

DUVAL COUNTY PUBLIC SCHOOLS

CODE OF STUDENT CONDUCT

INTRODUCTION AND PHILOSOPHICAL BASIS

Instruction should occur in an environment that is conducive to learning. Good order and discipline are essential to effective instruction and to the ability of students and school personnel to work cooperatively toward mutually recognized and accepted goals. The rules outlined in the Code are designed to ensure that this primary reason for the existence of school is achieved. Any behavior that prevents learning from taking place is unacceptable and will result in the appropriate consequence.

Duval County Public Schools is committed to maintaining a safe, secure, and respectful school environment that reflects the highest standards of our community and society. All persons, students, teachers, administrators, parents, and others on our campuses are expected to conduct themselves in a considerate and respectful manner and support a safe and respectful school environment conducive to learning and constructive, civil dialogue. Teachers, administrators, and staff must operate in a safe and secure environment and receive the respect their positions demand if they are to effectively perform their duties. Offensive language, threats, assault or any other disrespectful or intimidating conduct directed toward a teacher or other school district employee will not be tolerated. Any such conduct by any student will result in immediate removal of the student from the subject classroom or school environment and requires parental engagement and school discipline. All reports of bullying and harassment, including those that are unsubstantiated must be reported to the state. Substantiated cases should follow the guidelines outlined in this document and unsubstantiated cases should be reported using the SEISR codes UBL for unsubstantiated bullying and UHR for unsubstantiated harassment. In addition, all instances of physical restraint must be reported utilizing the code NVI.

Per state requirements outlined in 1006.07 – 1006.148 F.S. and to assist students, parents, guardians, administrators, and school personnel in maintaining such an effective learning environment, the Code of Student Conduct will:

- ❖ Identify classifications of infractions and describe procedures for disciplinary actions
- ❖ Identify formal disciplinary actions and interventions designed to improve student behavior
- ❖ Standardize procedures for administering formal disciplinary actions and interventions
- ❖ Describe roles of the home, student, school and school personnel
- ❖ Describe rights and responsibilities of all students and parents/guardians
- ❖ Outline general code of appearance
- ❖ Describe rights of disabled students relating to discipline
- ❖ Inform parents/guardians and students of the district's Internet Safety and Acceptance Use Agreement

It is the responsibility of both student and parent/guardian to know the rules of the Code of Student Conduct and to support the fair and impartial administering of the rules. With age and maturity, students will be expected to assume greater responsibility for their actions. Students are responsible for accepting the consequences for actions that may violate the Code of Student Conduct

It is the responsibility of the parent/guardian to ensure that their child behaves appropriately and demonstrates respect for all school staff, especially teachers, at all times. Repeated acts of disrespect and willful defiance will result in suspension from the regular learning environment. In turn, the district will do its part to assist students with learning from their mistakes in order to maintain a healthy culture and climate conducive to achieving positive learning outcomes.

It is the responsibility of school personnel to be aware of the specifics of the Code of Student Conduct and to apply them appropriately. It is the responsibility of the school to convey information regarding individual school policies and procedures to students and parents/guardians via a school planner or through other appropriate means.

The School Board and personnel appointed at the district level are responsible for ensuring that the Code of Student Conduct and the consequences for the identified infractions are legal and fair. The Board is also responsible for conveying to the community and parents/guardians that once these conditions are met, the actions taken by the local school will be supported for the good of the school system and the community as a whole.

As in all learning environments, respect for the process is essential to its success. As such, students are expected to behave in a manner that does not disrupt their own learning or that of their classmates. District leadership takes this responsibility very seriously, and through partnership with parents/guardians will ensure that student misbehavior is developed and managed appropriately. The progressive discipline structure of this Code of Conduct allows for opportunities to intervene with students who struggle with maintaining desirable behaviors early in the process and hold students accountable for their actions should the behavior become chronic and/or more aggressive.

CLASSIFICATIONS OF INFRACTIONS

Infractions of the *Code of Student Conduct* are grouped into four levels:

❖ Minor	Level I
❖ Intermediate	Level II
❖ Major	Level III
❖ Zero Tolerance	Level IV

Each classification is followed by a disciplinary procedure that is to be implemented by the Principal/Designee. The document is set up to ensure that Principals and school administrators are consistent with administering discipline for infractions of the *Code of Student Conduct*. Consequences should be delivered based on the charts included in this document and the number of instances of a particular infraction having occurred as indicated from left to right within each level. Parent/Guardian contact, either written or verbal, should be made each time a student is disciplined by an administrator. If necessary, students involved in a fight or dispute and are assigned In-School Suspension will be separated during their suspension to avoid further conflict. In this instance, one student will serve his/her consequence for the assigned number of days and the other student will serve his/her suspension after the first student is released.

It is understood that when an infraction of the *Code of Student Conduct* occurs, the student's explanation shall be heard by the Principal/Designee before determining the classification of the infraction. The Principal or Designee will review each case, including all documentation provided by staff and other witnesses, individually before assigning consequences. Florida Statutes 1003.31, 1003.32, 1006.07, and 1006.09 describe responsibilities of the school Principal or other designated staff.

Classroom teachers will address general classroom disruptions or minor offenses by taking appropriate and documented in-class interventions and/or disciplinary actions. It is expected that appropriate school staff (e.g., teachers, school counselors, administrators) will always make personal contact with parents/guardians when misbehavior occurs and hold parent/teacher conferences to address the student's need. When such measures do not cease the minor disruption, a disciplinary referral is appropriate and a close collaboration between the school and home should result in frequent communication and intervention implementation to help correct the misbehavior. (Failure to bring notebook, pencil, books, required materials and equipment to class, or failure to work in class, are not cause for disciplinary referrals).

SPECIAL NOTES

NOTE I: REPEATED INFRACTIONS: Repeated infractions of the *Code of Student Conduct* in school and/or on the school bus will be considered willful disobedience and/or open defiance of authority resulting in possible suspension or expulsion from school and/or the school bus for the remainder of the school year or a specific period of time. Such patterns of behavior will also warrant consideration for enrollment at one of the district's alternative education centers for students in grades 4 through 12.

NOTE II: HAZING: There shall be no type of hazing during any district sponsored event, club, organization, or class within the school or off campus. Hazing shall be defined as any action or situation for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of the school which recklessly or intentionally endangers a student's mental or physical health or safety. Acts of hazing shall be addressed and will result in the appropriate consequence being administered in accordance with the *Code of Student Conduct*.

NOTE III: SEARCH AND SEIZURE: Federal and state laws grant individuals reasonable expectations of privacy and freedom from unreasonable search and seizure of property. Such guarantees are not unlimited and must be balanced by the school's responsibility to protect the health, safety, and welfare of all students. Students may be subject to search of person or property if a reasonable suspicion exists that the student may have violated the *Code of Student Conduct* or state or federal law. Be advised that, upon reasonable suspicion, student lockers and other storage areas (including, but not limited to, motor vehicles, book bags, handbags, notebooks, pockets, personal electronic devices, etc.) may be searched. Additionally, school personnel are permitted to conduct administrative random searches for weapons and other contraband absent reasonable suspicion. Administrative random searches shall be carried out with a neutral plan for execution and in the least intrusive manner. Schools are permitted to use metal detectors to assist in this effort.

NOTE IV: PROHIBITED ITEMS: Students will be held responsible for prohibited items in their personal control, such as items located in vehicles, book bags, clothing or items belonging to someone else.

NOTE V: TECHNOLOGY-BASED INFRACTIONS: Technology-based infractions may result in a suspension or limited access of network and/or internet access. Alternative instructional materials may be provided.

NOTE VI: BUS RIDING PRIVILEGES: Bus riding is a privilege, which may be revoked. Misconduct by any student while riding a school bus represents a serious threat to the safety of all occupants on the bus as well as other motorists, pedestrians, and members of the community. Parents/guardians are urged to discuss with their children appropriate school bus conduct in order to ensure bus safety. All students who misbehave while riding the school bus will be disciplined according to the *Code of Student Conduct*.

A bus suspension is separate from a school suspension and applies only to the loss of bus riding privileges unless subject to other disciplinary actions, such as out-of-school suspension. Students are required to attend school. Bus suspension does not affect or excuse school attendance.

Suspension or revocation of school bus privileges applies to all vehicles in the Duval County Public School Transportation System. This does not apply to transportation authorized by the School Administration for field trips. Students with disabilities (Exceptional Education Students other than Gifted) and students with Section 504 Plans may be suspended from the bus for up to three (3) days at one time.

NOTE VII: TITLE IX PROCESS: Code of Conduct infractions that require a **Title IX Consultation** may temporarily delay the disciplinary process. Should this happen, the district must provide written notice to the parties and the reasons for the delay. Non-disciplinary, non-punitive individualized supportive measures may be offered as appropriate to the complainant or respondent to preserve equal access to the district's education program or activity.

NOTE VIII: The selling of any food and/or product is prohibited on school grounds, school transportation and school sponsored events unless approved by school administration.

Note IX: HB 1521. Students should be provided and use restrooms and changing facilities (Locker Room/Dressing Room) for their use, respective to their biological sex at birth. Alternatively, students may use single occupancy restrooms. Students that willfully enter a restroom or changing facility designated for the opposite sex and refuse to leave when asked by instructional personnel, administrative personnel, or a safe school officer shall receive a Code of Conduct discipline infraction. (Code 1.11)

Note X: Those acts that pose a threat to school safety and require consultation with reporting to law enforcement, and acts that are required to be reported under the school environmental safety incident (SESIR) reporting pursuant to s. 1006.07(9) and State Emergency Rule 6AER23- 01 as referenced in this Duval County Public Schools' Code(s) of Student Conduct, which are incorporated herein by reference. This provision shall apply to all students, personnel, and any other person who commits such acts on a school campus, on school-sponsored transportation, during off-campus school-sponsored activities, or off campus where the incident is accomplished through electronic means, if the incident substantially disrupts the educational process or orderly operation of a school. (See SESIR Index)

1. **If the student has an IEP/504 Plan, the administrator or designee MUST refer to the *Discipline Guidelines for Students with Disabilities* and the student's current IEP/504 Plan PRIOR to the assignment of any disciplinary action.**
2. **Documenting the implementation of behavioral plans associated with the IEP or 504 Plan is essential.** Prior to utilizing suspension as a disciplinary action for a *Code of Student Conduct* violation, the Principal/Designee **MUST** inquire with the teacher/staff involved to provide documentation of the implementation of the *Positive Behavior Support Plan* and *FBA/BIP* or Section 504 *Positive Behavior Support Plan*, as appropriate
3. The length of time the student with an IEP/504 Plan is suspended (ISSP/OSS) or assigned to ATOSS is subject to the current *Discipline Guidelines for Students with Disabilities*. A maximum of three (3) days of suspension/ATOSS can be assigned at one time. If the student with an IEP/504 Plan commits a Level 2, 3 or 4 infractions for which the disciplinary action warrants a referral to the Hearing Office **AND** is the option the Principal/Designee is seeking to pursue, a manifestation determination meeting **MUST** be scheduled and held **PRIOR** to referring to the Hearing Office. **In preparation for the return of the student to the educational setting, school personnel should consider the positive support necessary to assist the student with being successful.**

NOTE XIII: ANTI-BULLYING POLICY: Pursuant to Florida Statute 1006.147, it is the policy of the Duval County School Board (DCSB) that all of its students and school employees have an educational setting that is safe, secure, and free from harassment and bullying of any kind. Accordingly, DCSB will not tolerate bullying or harassment against any student, employee, visitor, volunteer or agent who works on school-related activities, subject to the control of school officials. This policy shall be interpreted and applied consistently with all applicable state and federal laws and employee collective bargaining agreements. Conduct that constitutes bullying and harassment, as defined herein, is prohibited.

DCSB prohibits bullying/cyberbullying or harassment of any student or school employee, volunteer or agent:

1. During any education program or activity conducted by DCSB,
2. During any school-related or school-sponsored program or activity or on a school bus.
3. Through the use of data or computer software that is accessed through a computer, computer system, or computer network within the scope of DCSB. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action.

4. Through the use of data or computer software that is accessed at a non-school-related location, activity, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by DCPS or a school, if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services, activities, or opportunities offered by a school or substantially disrupts the education process or orderly operation of a school. This paragraph does not require a school to staff or monitor any non-school-related activity, function, or program.

For more information, see DCSB 10.20 Anti-Bullying Policy. Bullying/Cyberbullying or harassment reporting forms may be found on the district's website at www.duvalschools.org.

Note XV: Principals, or their designee, at their discretion can allow or disallow different types of personal portable electronic devices (whose primary use is approved methods of communication and research) to be used while at school. Personal portable devices whose primary purpose is gaming will not be allowed unless approved by the Principal or their designee. The use of such devices is done so voluntarily and is a privilege that can be suspended or revoked at any time. At no time may a student access unfiltered Internet through a cellular network or unauthorized Wi-Fi hotspot on their personal devices while on school grounds. **Bringing a personal portable electronic device to school puts that device at great risk of being lost, stolen or damaged; at no time will the district be liable for such loss or damage.**

Note XIV: In preparing our students for online testing and complying with State of Florida mandates, each Duval County Public School student will be assigned a computer network login that will provide the student with access to internal and external network resources including the Internet. The proper use of the Internet provides opportunities for research, learning, and web-based educational programs. **Some enrichment, online testing, and curriculum resources programs are only accessible through the internet including some specific intervention and grade recovery programs.** A parent or guardian may make a written request by completing the **Parental Internet "Education Only" Form** available at their school to limit a student's access to "Educational Only" internet resources. Such a request will severely limit the student's ability to perform online research, access enrichment, curriculum resources, and may limit the classes in which the student can participate in.

Note XVII: Gang Definition – The federal definition of gang as used by the Department of Justice and the Department of Homeland Security's Immigration and Customs Enforcement (ICE), is

- An association of three or more individuals,
- Whose members collectively identify themselves by adopting a group identity, which they use to create an atmosphere of fear or intimidation, frequently by employing one or more of the following: a common name, slogan, identifying sign, symbol, tattoo or other physical marking, style or color of clothing, hairstyle, hand sign or graffiti.
- Whose purpose in part is to engage in criminal activity and which uses violence or intimidation to further its criminal objectives.
- Whose members engage in criminal activity or acts of juvenile delinquency that if committed by an adult would be crimes with the intent to enhance or preserve the association's power, reputation, or economic resources.
- The association may also possess some of the following characteristics.
- The members may employ rules for joining and operating within the association.
- The members may meet on a recurring basis.
- The association may provide physical protection of its members from others.
- The association may seek to exercise control over a particular geographic location or region, or it may simply defend its perceived interests against rivals.
- The association may have an identifiable structure.

Note XVIII: In School Board Policy Chapter 4, Section 16-18, physical education is required for all students as indicated in 1003.455 F.S. This statute requires that all students have time for daily physical education that equals 150 minutes per week. Therefore, we cannot use exclusion from physical activities as a consequence for student misbehavior. This is inclusive of physical education, teacher-directed PE, and recess.

MINOR INFRACTIONS-LEVEL I

Special Note- Infractions committed within the same Level in the *Code of Student Conduct* in school, at school-sponsored events and on the school bus will be considered willful disobedience and/or open defiance of authority. As a result, the student infraction may be escalated to the next occurrence on the Disciplinary Actions/Interventions Matrix.

The following Level 1 codes are grouped for occurrence purposes:

- 1.01-1.03-1.05
- 1.04-1.08

A student’s excessive unexcused tardiness shall be considered willful disobedience, and the student shall be subject to disciplinary action. Schools without electronic tardy tracking systems shall track tardies by period.

Students are required to attend school. Bus suspension does not affect or excuse school attendance.

(Ages 11 and up) (This intervention is used for serious infractions only)**

PROCEDURES FOR ADMINISTRATION OF FORMAL DISCIPLINARY ACTION

When a formal disciplinary action is required, the Principal/Designee will make every reasonable effort to contact the parent/guardian immediately. If telephone contact cannot be made, written notice will be sent home with the student, or placed in the U.S. Mail within twenty-four (24) hours.

It is the responsibility of the student to notify and/or deliver to his/her parent/guardian all written communications from the school; failure to do so may result in further disciplinary action.

When disciplinary action reaches the level of denial of educational participation, the following procedural steps shall be adhered to in order to protect the rights of the student.

Suspension

The student shall be given notice of the charges against him/her and shall be given the opportunity to present his/her explanation of the situation before any action is taken.

When a suspension is necessary, the principal/designee will make every reasonable effort to contact the parent/guardian immediately. Written notice shall be sent to the parent/guardian via **U. S. mail within forty-eight (48) hours**, regarding the reason disciplinary action was taken. Generally, a notice and a conference should precede the student's suspension from school. However, if the immediate suspension of the student is justified because the student's presence endangers others, school property, or would seriously disrupt the orderly academic process, the mailed notice will follow as soon thereafter as is practical. The parent/guardian may request a conference with the principal/designee regarding the suspension.

Level IV Offenses

The principal is initially responsible for determining that an offense has been committed. In investigating such incidents, the student will be given, in writing, the pending charges and an opportunity to admit or refute those charges. It should be noted that any statement the student makes might be used, with other documentation, to prove whether the student is guilty of the offense(s) charged.

The Principal will review the above documentation with the parent/guardian. If, at the disciplinary conference, the principal concludes that extenuating circumstances exist, the student will be eligible for admission back into school following the determination of appropriate disciplinary action to be taken.

In the absence of extenuating circumstances, the Principal may, at his/her discretion, recommend an alternative school or other programs provided by the school district. Should the parent/guardian be offered this opportunity and decline it, the Principal shall recommend expulsion and immediately send all of the documentation of the incident to the School Board Hearing Officer.

At this time, the School Board Hearing Officer, acting as the Superintendent's designee, shall review the facts pertaining to the offense and shall request a conference with the parent/guardian and the suspended student within the suspension period.

Bus Revocation - Bus riding is a privilege, which may be revoked. If a student displays inappropriate behavior on a bus, the student may be referred to the appropriate Regional Superintendent for possible revocation of bus privileges. Commission of a Level IV Offense on a school bus will result in revocation of bus privileges.

Expulsion – Removal of the right and obligation of a student to attend a public school under conditions set by the School Board for a period of time not to exceed the remainder of the school year and one (1) additional year of attendance.

The School Board may expel a student from school based on grounds specified in the *Code of Student Conduct*. Expulsion means the removal of the right and obligation of a student to attend a public school under conditions set by the district school board, and for a period of time not to exceed the remainder of the term or school year and an additional year of attendance. Expulsions may be imposed with or without continuing educational services and shall be reported accordingly. The School Board has the sole authority to expel students pursuant to Florida Statute 1006.07.

PLACEMENT PROCEDURES IN ALTERNATIVE EDUCATION CENTERS

All Alternative Education center packets and appeals must be signed in at the Hearing Office or Regional Superintendent for review by the **third (3rd) school day following the most recent infraction resulting in the hearing packet.** No student should remain suspended for more than seven (7) days without a due process hearing or administrative placement at an alternative school. Refer to the *Discipline Guidelines for Students with Disabilities (IEP/504)* for those students involved with Level II, III, and IV infractions that indicate disciplinary action of referral to the Hearing Office.

Special Note: No students should be on Out of School Suspension for more than 7th consecutive days. After the 7th day students return to home school. A request for extended OSS can be made to the Hearing Office prior to the 7-day limit if special circumstances arise, Hearing Packets will not be accepted after the 7th day of the suspension window without prior approval from the Hearing Office.

Placement of Students at Alternative Schools - Florida Statute, Section 1003.53 (5) states that "the school Principal or his or her designee shall, **prior** to placement in a dropout prevention and academic intervention program or the provision of an academic service, **provide written notice of placement or services by certified mail, return receipt requested, to the student's parent/guardian.** The parent/guardian of the student shall sign an acknowledgment of the notice of placement for service and return the signed acknowledgment to the Principal within three (3) days after receipt of the notice. The parent/guardian of a student assigned to such a dropout prevention and academic intervention program shall be notified in writing and entitled to an administrative review of any action by school personnel relating to such placement pursuant to the provisions of Florida Statute 120.

1. **Within twenty-four (24) hours of suspending a student for the purpose of transferring to an Alternative Education Center, the Principal shall send the parent/guardian a certified letter, return receipt requested, informing the parent/guardian of the placement (School Calendar Day).** This notice shall include the suggested date for a parent/guardian conference, as well as the automatic date of placement in the event the parent/guardian fails to respond to the notice. **The Notice of Pupil Placement at an Alternative School must be sent via certified mail, return receipt requested, whether the parent/guardian is contacted by phone or not (or receives a copy of the charges and Parent Conference Checklist in a face-to-face conference).**
2. The *Parent Conference Checklist* contained in the **Alternative Education Centers' Admissions Packet must be given to parent/guardian during the parent/guardian conference.** The *Parent Conference Checklist* serves as written documentation that the parent/guardian was informed of the charges against their child, provided an opportunity to refute or show mitigation to the charges, and discuss alternative disciplines. The *Parent Conference Checklist* also serves as documentation of parent/guardian's decision regarding the student's placement at an alternative school and informs the parent/guardian of the Appeal Process.

The discipline/administrative transfer of a student to the Alternative Center should take place on or before the seventh (7th) day of suspension. However, if the parent/guardian indicates on the *Parent Conference Checklist* or in writing that they would like a review of the Principal's decision, the school shall, within 24 hours, forward the

student's alternative school admission packet to the appropriate Regional Superintendent for Level III offenses or to the Hearing Officer for Level IV offenses. *The review/appeal process does not postpone the pending disciplinary action unless a written agreement can be established between the parent/guardian and the principal that the child should remain suspended until resolution of the appeal.*

Parent/guardian who fails to enroll their child in an alternative school setting may violate compulsory school attendance requirements and is subject to criminal prosecution Pursuant Florida Statutes, Section 1003.27 (2). No student should remain suspended for more than five (7) days without a due process hearing or administrative placement at an alternative education center.

3. If a satisfactory resolution between the parent/guardian and school administrator cannot be obtained, the parent/guardian may request a review by the Region Superintendent. This is a review of documentation only and does not involve a formal hearing. The Region Superintendent review will result in a written response within two (2) working days.
4. Following the review of the principal's decision by the Region Superintendent or his/her designee, upon request; a parent/guardian may have an administrative review. The Hearing Officer will have this responsibility. The Hearing Officer will issue a final order upon the completion of the administrative review. **(This is the final step in the process and the Hearing Officer's recommendation is the final decision from the District).**
5. Once an Alternative Education Center packet has been forwarded to the hearing office there are two ways that the packets are evaluated.
 - a) Students that have never been assigned to alternative school will have their Alternative School Packets processed through an administrative review **(This does not include a formal hearing with the Hearing Officer).** If the parent has not requested an appeal before this point the decision is final. **(Though a formal hearing is not required, one may be scheduled at Hearing Officer's Discretion)**
 - b) Students that have attended an Alternative Center will be contacted for a formal hearing with the DCPS hearing officer.

NOTE: If a student is voluntarily withdrawn in lieu of attending an alternative school/program, he/she must remain out of the Duval County Public Schools for one calendar year. If the student chooses to return to the Duval County Public Schools before the time has expired, he/she must complete the alternative school assignment before entering another public school in Duval County.

Alternative Education Centers/Programs

Mattie V. Rutherford alternative center will serve 4th through 8th grade students that exhibit minor chronic behaviors of the *Code of Student Conduct*. Students will be assigned to this alternative center for a period of 45 to 180 school days based on a profile of behaviors as follows:

(Teen Court is not an option for Multiple Infraction Rubric Violations)**

Note: Students assigned to the Alternative Education Center during a school year will retain their special/magnet assignment from the sending school, if the student has completed their alternative assignment in the same school year. If a student's attendance rolls over to the next calendar school year, the student will lose the special/magnet assignment and return to their home school.

This appeal is a review of documentation and does not involve a formal hearing.

Procedures for Appealing Placement at an Alternative Education Center – A parent and guardian wishing to appeal the recommendation of placement of their child at an Alternative Education Center is entitled to an administrative review of any action by school personnel relating to such placement Pursuant to the provisions of Florida Statute Chapter 120.

1. The discipline/administrative transfer of a student to the Alternative Education Center should take place on or before the fifth (5th) day of suspension. **However, if the parent/guardian indicates on the *Parent Conference Checklist* that they would like a review of the principal's decision, the school shall, within 24 hours, forward the student's Alternative School admission packet to the appropriate Region Superintendent for Level III offenses or to the Hearing Office**

for Level IV offenses. (The appeal process is for the student's behavior/infraction and not the alternative assignment)

No student should remain suspended for more than five (5) days without a due process hearing or administrative placement.

2. If a satisfactory resolution between the parent/guardian and school administrator cannot be obtained, the parent/guardian may request a review by the Regional Superintendent.
