

## 3rd Grade News Letter

Week: 11/20/23 MATH

- *Standard focus: MA.3.FR.1.1 Represent and interpret unit fractions in the form,  $(1/n)$  as the quantity formed by one part when a whole is portioned into  $(n)$  equal parts.*
- *Students partition shapes, number lines, and a set of items into equal parts and unit fractions to describe each part of the fraction, the name and what the fraction represents.*
- *Continue to monitor science packet due dates to stay on track with deadlines. Due dates are provided in science packet and class dojo*
- *Login to iready and continue to work on, My Path or Teacher Assign Lesson*
