... from Mr. Moore's Desk

Greetings Parents & Scholars:

I pray that your weekend was great and that you enjoyed the festivities of the Superbowl!

As you are aware, my personal progress reports went home this past Friday and are merely a tool to alert you to where they stand at this point. I pray that they serve their purpose in allowing us to help our scholar regain their focus or to merely keep up the good work.

With that being said, I need to move onto the end of the year festivities. First and foremost, a huge thank you is extended to Ms. Clark (one of our 5th grade scholar's parents) for helping to ease the burden of planning the trip. Information on Atlanta and Busch Gardens was sent out over the weekend. We need to collectively decide which of the two is going to happen by sending in a payment and a note saying which option you are in favor of. Time is of the essence, especially if the major trip is your selection.

I will send out a paper copy of everything by tomorrow.

Mr. Moore

Weekly Learning Standard

This week we will be changing standards and working primarily on the following standard:

LAFS5.RI.1.1

Quote Accurately from a Text

Aggieland Notes

Communication Reminders:

Parents, please remember to send in headphones with your scholars

Incentive Reward Request

3rd Nine Weeks Request:

I am asking that each child bring in a bag or two of candy, chips, individual cookies and/or fruit snacks for our classroom reward containers which are given out as incentive for when the scholar goes above and beyond.

Upcoming Events

FSA Mock Reading Assessment

February 6th

Write Score Writing Assessment

February 11th

Presidents Day (No School)

February 18th

Reading Stamina Information

Having stamina for something means being able to stick with something for periods of time. This stamina, or endurance, builds strength. Stamina can apply to lots of different areas, such as exercise or painting. It can also apply to reading. Teachers often think about a student's reading stamina. Reading stamina is a child's ability to focus and read independently for long periods of time without being distracted or without distracting others. Reading stamina is something that parents can help students develop. As your child moves further into the year, developing reading stamina will help your child navigate the longer texts and assignments. **Please enforce that your child reads daily for a minimum of 30 -45 minutes, Monday thru Sunday.**

Williams Word

Hi Parents!

February is officially here! I am so excited to spend yet another month learning and growing with your scholars!

We had so much fun celebrating literacy week last week! The students enjoyed some fun activities throughout the week. We spent some time reading with flashlights, participated in a "read in" in the hallway, and finished up the week celebrating with popcorn and juice! Independent reading is something that the students will really benefit from as the FSA test approaches because it helps to increase their reading stamina.

In our newsletter last week I gave a shout out to those students spending more time on i-Ready. I would like to give another shout out to those students this week. Mr. Moore and I are so proud of the increased number of passed lessons and time spent on i-Ready! We would like to encourage your scholars to keep up the great work!!

Please remember that this Thursday, February 7th is FSA Parent Night! I look forward to seeing each of you there!

I hope you all have a wonderful week! We are so grateful for all of your support from home!

Sincerely,
Ms. Williams
