

AGGIES On A Quest For Success

February 5, 2018

... from Mr. Moore's Desk

Greetings Parents & Scholars:

I hope that everyone enjoyed The 2017 Super Bowl this past weekend, now it is time for business to resume. In fact, we are about to take part one of Florida's Super Bowl of Assessments in just under 15 days. That is basically four weeks left to prepare.

Honestly, I am very confident that my little brothers and sisters will perform well on the assessment! That being said, I need you, my parents, to do your part in ensuring that your babies do well. I am asking that you get them used to a consistent bedtime if they haven't already been on one. In fact this is good for the next few months as they will be testing from the end of February then resuming during the month of April. I need you to ensure that they are practicing both their weaknesses and strengths in writing daily. Feel free to call me if they have not told you what it is or if they say that they have not had anything to work on in a few days.

I am also asking each of you to PLEASE donate to the class incentive bin, as well as to donate a few items needed for the test such as peppermints, pencils and water.

If you have any questions please contact me.
Thank You!

Mr. Moore

HUGE Thank You

Thank you to everyone that came out to Tiger's Parent FSA Night! Many of you came and were able to receive information on what your child can expect on the assessment, as well as had an opportunity to hear our concerns with our little brothers and sisters work ethic academically.

THE WEEK AHEAD

Weekly Learning Standard

LAFS5.RL.2.6 Determine two or more main ideas of a text and explain how they are supported by key details.

LAFS5.RL.2.4 Determine the meaning of words as used in text; figurative language

5th Grade Unity Outing :

I know my birthday was last month and I recently learned some parents & scholars still attended my church.

Let's look into having this church outing this month and going to see the movie 'Black Panther.'

Academic Success Corner

Parents I am honestly concerned with the lack of work or studying taking place outside of the classroom.

While there are some of our scholars who are reading on or above grade level, the vast majority of our babies are way below grade level. We can get them there but it will take all of us. I assure you that I am going to give them the instruction needed based off of data and key observation, but I need you to ensure that they practice what was learned through the studying of notes, nightly reading with documentation using strategies learned, occasional assigned homework and i-Ready.

I realize that it may seem like a struggle and for many it is, but it is not too much work if we want them to move.

Please help me help them grow academically in the area of reading comprehension and fluency.
