... from Mr. Moore's Desk

Greetings Parents & Scholars:

I hope that everyone had a fantastic holiday weekend filled with relaxation and family time.

We have a few more days before Thanksgiving Break and during this time we are going to be covering an array of standards, as well as working on opinion writing.

Parents, as you know I like to keep you in the loop and send out a bi-weekly progress report. That report was accompanied by a letter of standing. I spoke with many of you over the weekend and am most appreciative of the calls. It is my hope that this week we together will enforce what is needed to ensure the academic success of our scholars. The rigor has increased as well as the expectation.

Please enforce the home learning as prescribed by Ms. Bradley and myself. In addition to the please check to make sure the scholars are working diligently on i-Ready as well as completing their nightly reading which is essential toward reading stamina.

Again, thank you for entrusting me to help make a difference in the lives your children!

Mr. Moore

Weekly Learning Standard

This week we will be changing standards and working primarily on the following standard:

LAFS.5RI.1.2 Quote accurately from the text when explaining what the text says explicitly and when drawing inferences from the text.

Aggieland Notes

Communication Reminders:

In a partnership with the school, Fifth-Third Bank is conducting money management classes on Wednesday. Please send in the photo permission slips if you have not as they are needed for the graduation celebration of the course.

Incentive Reward Request

I am asking that each child bring in a bag or two of candy, chips, individual cookies and/or fruit snacks for our classroom reward containers which are given out as incentive for when the scholar goes above and beyond.

I will be asking at the onset of every nine weeks.

Thanksgiving Break

November 21 thru 24, 2018

Bradley's Corner

Hello parents and scholars,

First off, I just wanted to thank you for the wonderful opportunity to teach and grow with you on this memorable academic journey. This week will be my last week of full-time teaching and then after that, I will hand the classroom back over to Mr. Moore. This week, we will be more hands-on in our reading lessons along with still setting out time for answering higher-order questions in prep for the FSA. We will also continue drafting our opinion essays and learning the key components needed to make it a successful 10!

Thank you,

Ms. Bradley

Reading Stamina Information

Having stamina for something means being able to stick with something for periods of time. This stamina, or endurance, builds strength. Stamina can apply to lots of different areas, such as exercise or painting. It can also apply to reading. Teachers often think about a student's reading stamina. Reading stamina is a child's ability to focus and read independently for long periods of time without being distracted or without distracting others. Reading stamina is something that parents can help students develop. As your child moves further into the year, developing reading stamina will help your child navigate the longer texts and assignments. **Please enforce that your child reads daily for a minimum of 30 -45 minutes, Monday thru Sunday.**

Growing Great Leaders!!!
