## ... from Mr. Moore's Desk

Greetings Parents & Scholars:

With the 1<sup>st</sup> quarter behind us, we now face the more rigorous second quarter. Overall, the 1<sup>st</sup> quarter went well, but I am needing to solicit your help as parents more than ever because with the rigor increasing the expectations will be ramped up and as a teacher I am going to need your support like you wouldn't believe.

Parents, while I am a big supporter of all extra-curricular activities I feel the need to simply say as a friendly reminder that they are secondary to academic growth. In addition to that I am finding an increased number of scholars that find games such as Fortnite and social media apps more important than getting work done. Parents please help me help our little one by enforcing that home learning, which includes nightly reading, i-Ready and occasional homework gets done.

Again, thank you for entrusting me to help make a difference in the lives your children!

Mr. Moore

### Weekly Learning Standard

*This week we will be changing standards and working primarily on the following standard:*

**LAFS.5RI.1.2** Analyze multiple accounts of the same event or topic, noting important similarities and differences in the point of view they represent.

### Aggieland Notes

#### Communication Reminders:

In a partnership with the school, Fifth-Third Bank is conducting money management classes on Wednesday. Please send in the photo permission slips if you have not.

#### Incentive Reward Request

I am asking that each child bring in a bag or two of candy, chips, individual cookies and/or fruit snacks for our classroom reward containers which are given out as incentive for when the scholar goes above and beyond.

I will be asking at the onset of every nine weeks.

## Aggie Success

### Honors Assembly

November 2, 2018

### Veteran's Day

November 12, 2018

## Bradley's Corner

Hello parents and scholars!

This week is expected to move rather quickly considering the UF field trip on Tuesday and no school this Friday. I would like to praise my scholars for staying on top of their writing and turning in their homework on time and completed. I would however, also like to add that we should all aim for better behavior this week. This means that we are modeling CHAMPS, staying on task, following all line protocol, and displaying respect to our teachers and peers. I'm excited to take on another successful week with you all!

Kindest regards,

Ms. Bradley

### Reading Stamina Information

Having stamina for something means being able to stick with something for periods of time. This stamina, or endurance, builds strength. Stamina can apply to lots of different areas, such as exercise or painting. It can also apply to reading. Teachers often think about a student's reading stamina. Reading stamina is a child's ability to focus and read independently for long periods of time without being distracted or without distracting others. Reading stamina is something that parents can help students develop. As your child moves further into the year, developing reading stamina will help your child navigate the longer texts and assignments. **Please enforce that your child reads daily for a minimum of 30 -45 minutes, Monday thru Sunday.**
