Greetings Parents & Scholars:

Do you know what today is? It is Valentine's Day! This is a fun day to celebrate love and for our kids it is the love of family and friends. The party that was planned for this past Friday was canceled due to behavior. A part of that was Mr. Moore being out, but that in itself is no excuse for acting other than the way you have trained them or in the manner set forth in our expectations. We are asking you to remind them to do the right thing at all times. Now to Valentine's Day... We will allow them to have something today.

Parents we are asking that you support us, especially with regard to the prescription work we will be sending home for each individual scholar. Starting this week, we are asking that all 5th graders that are struggling be brought to Saturday school. The hours are 9 a.m. to 11:45 a.m. every other Saturday. They will receive more instruction and points to assist their grade.

Thank you for entrusting their academic growth to us.

Mrs. Green & Mr. Moore

Upcoming Events

February 14

Valentine's Day

February 20

President's Day – No School

February 23

Early Release Day

Believe in yourself, learn and never stop wanting to build a better world.

-Mary McCleod Bethune

TIGER'S MISSION:

To provide the children of the Northside a structured and nurturing learning environment that is focused on rigorous academic standards, character development, self-discipline, personal and social responsibility and family involvement.

In The Classroom

AGGIE NEWS (Reading & Writing)

As you know, we have two new members on the 5th grade team. These two new members are Ms. Ewing and Ms. Abbey, the 5th Grade interns. Both are teachers in their final leg of their undergraduate career and have the same responsibilities as me. They are dedicated to the growth of our scholars. This week we will share responsibilities and beginning next week they will take over the reign. Of course I will be there for support and teaching in small group.

Parents, please note that each scholar will be responsible for developing a project on an African American Notable. More information to come. Writing will increase and involve more peer editing. It is my hope that the excuses are limited because if someone does not do their work it will mess up their ability to complete the class assignment and impact other scholar's ability to do theirs.

Please continue to do you nightly reading and complete all of you work.

Mr. Moore

EAGLE NEWS (Math & Science)

It's week six of the third nine weeks! Last week, we worked extremely hard on learning being respectful to our teachers and classmates. We discussed how to listen and have conflict resolution strategies when face with a challenge. Each week, students can earn streak/group points for being prepared.

The standards that we will be covering this week are Multiplying with Fractions and Whole Numbers in Math and Force and Motions in Science. The online platforms such as Zearn and Ed Base Camp have on-grade level activities for your child to continue their learning at home. Please encourage him or her to login and complete activities periodically throughout the week.

In honor of Black History Month being observed this month, please send in a picture of a famous or not highly recognized African American. We would like to spend time doing a class discussion about the importance of African Americans to our country and your child's life, if applicable.

Thank you for your continued support and partnership in your child's education.

Streak Family News

Give it up for The ORANGE Team. This team showed up and showed out last week. We will resume our weekly prizes this week.

The overall winners will receive something major. We are coordinating with administration to make that happen as the weekly winners have been out of my personal pocket. Administration has committed to making it happen.
