

5th Grade LEGO Newsletter

March 21, 2022

Tiger Academy

6079 Bagley Road; Jacksonville, FL 32209

904-309-6840

Greetings Parents & Scholars:

We hope you have enjoyed a wonderful Spring Break with your families. We are working extremely hard to create small groups that are appropriately designed to support the needs of your scholar. With this being said, it is extremely important that your child comes to school every day. Attendance is critical to provide the necessary instruction left to prepare for our FSA.

We are approximately 15 days out from the first assessment of the year, which is the writing portion of FSA. Parents it is important that they write for the next month consistently so there will be plenty of work, we will not leave out Math and Reading during this time frame rest assured, but just know that we will be working hard to ensure their growth and will be leaning more heavily on you.

Mrs. Green & Mr. Moore

Upcoming Events

March 25

Tiger Academy 5th Grade Art Showcase at the Cummer Museum, 6 pm

March 30

Early Release Day

**Believe in yourself,
learn and never stop
wanting to build a
better world.**

TIGER'S MISSION:

To provide the children of the Northside a structured and nurturing learning environment that is focused on rigorous academic standards, character development, self-discipline, personal and social responsibility and family involvement.

In The Classroom

AGGIE NEWS (Reading & Writing)

The Reading FSA is divided into five areas, one of which is writing. Writing used to have a separate score, but is now a part of the overall reading score. We will be concentrating heavily on the development involved in the writing over the course of the next four weeks. Scholars will come home with assignments that may take some of them awhile. I am asking that you have them work on them and should there be any questions, please reach out to me via phone. I will be available.

In class we will work on some reading standards, but writing will be our main focus during that span as well. Parents I am asking that you remind them of your expectations regarding behavior and focus.

Mr. Moore

EAGLE NEWS (Math & Science)

We hope Spring Break was very relaxing and your scholar is refreshed with a positive attitude and ready to learn. Prior to Spring Break, we worked extremely hard on being respectful to adults and others. We discussed how to treat others like he or she would like to be treated. Each week, students can earn streak/group points for being prepared.

The standards that we will be covering this week are Multiplying with Decimals and Conversions and Force and Motion: Net Force and Balanced and Unbalanced Forces. The online platforms such as Zearn and Ed Base Camp have on-grade level activities for your child to continue their learning at home. Please encourage him or her to login and complete activities periodically throughout the week.

In honor of Women's History Month, please spend time sharing with your child the important woman in their family. We plan to have time for sharing and creating a culminating class activity.

Thank you for your continued support and partnership in your child's education.

Streak Family News

Greetings everyone! The last two weeks we have not reported anything regarding the streak families, because we went to visit a school that has streaks called casas. This school has full implementation and we are in the process of revising the streaks to be able to roll it out to the whole school.

We will keep you posted and the revisions at least for this year will be rolled out for 5th grade. Part of the revisions we speak of is the point system. Our point system is vast and will be streamlined to make it more manageable.
