FSA Writes

Important Announcements

In a partnership with the school, Fifth-Third Bank is conducting money management classes on Wednesday. Please send in the photo permission slips if you have not as they are needed for the graduation celebration of the course.

Mr. Moore would still like for everyone to send in treats for classroom incentives.

Greetings Parents & Scholars:

It is my hope that this newsletter finds each of you doing well. We are now in our third week of the second quarter. We have picked up the pace within our classrooms and as mentioned in the previous newsletter expectations have increased and we are listing how you can help our scholars reach goals set forth in our data chats. The goals are set by us using i-Ready data, FSA scores and individual observation.

Parents, while we am a big supporter of all extra-curricular activities we feel the need to simply say as a friendly reminder that they are secondary to academic growth. In addition to that we are finding an increased number of scholars that find games such as Fortnite and social media apps more important than getting work done. Parents please help us to help our little one by enforcing that home learning, which includes nightly reading, i-Ready and occasional homework gets done.

Again, thank you for entrusting us to help make a difference in the lives your children!

Mr. Moore & Mr. Bacon

AGGIE Account

Having stamina for something means being able to stick with something for periods of time. This stamina, or endurance, builds strength. Stamina can apply to lots of different areas, such as exercise or painting. It can also apply to reading. Teachers often think about a student's reading stamina. Reading stamina is a child's ability to focus and read independently for long periods of time without being distracted or without distracting others. Reading stamina is something that parents can help students develop. As your child moves further into the year, developing reading stamina will help your child navigate the longer texts and assignments. **Please enforce that your child reads daily for a minimum of 30 -45 minutes, Monday thru Sunday.**

RATTLER Release

Greetings future rattlers! First and foremost I am anticipating a safe and sound return for each and every one of you! Homework will be handed out on Monday mornings and due back the next Monday morning. Weekly Math homework will focus on word problem practice and fluency exercise, Students will also build upon lesson vocabulary.

Aggie's Reading & Writing
