I-Ready Math Check-up

Important Announcements

- Parent Conferences Are Still Available & Parent Conference Day is Monday 21
- Lunch bunch and Class Dojo are still in place, but being revised.
- Mr. Moore would still like for everyone to send in treats for classroom incentives.

Greetings Parents & Scholars:

Wow! We are nine weeks in and about to wrap up the first quarter in approximately four days. Overall, we are pleased with the work ethic of the majority of scholars and have met with over half of you.

Parents and scholars, we need you to know that there is truth to the race is not given to the swift, but to those who maintain a steady pace. In other words, academically we need everyone to work hard during class and complete home learning as given. It will be tough as the rigor is about to increase, but it is nothing that our scholars cannot handle.

Parents, please remind our scholars of why you send them to school. Several seem to feel it is to play and have attitudes with the adults. We have been noticing a change as the quarter ends.

Again, thank you for entrusting us to help make a difference in the lives your children!

Mr. Moore & Mr. Bacon

AGGIE Account

Reading will complete Unit 1 this week and venture into Unit 2. The first text is The Road To Freedom and I believe the scholars will enjoy this selection.

Parents, I am asking that all scholars purchase 'The Pact' by Lisa Frazier Page on the three doctors. We will begin reading it at the beginning of November. Also, please know that the material and requirements are about to become more challenging and rigorous.

RATTLER Release

Greetings future rattlers! First and foremost I am anticipating a safe and sound return for each and everyone of you! Homework will be handed out on Monday mornings and due back the next Monday morning. Weekly Math homework will focus on word problem practice and fluency exercise, Students will also build upon lesson vocabulary.

Aggie's Reading & Writing

LAFS.5RI.1.2 Determine two or more main ideas of the text and explain how they are supported by key details; summarize the text.

LAFS.5.RI.2.4 Determine the meaning of general academic and domain specific words and phrases in a text relevant to 5th grade..

Rattler's Math & Science

5.NBT.1 Recognize that in a multi-digit number, a digit in one place represents 10 times as much as it represents in the place to its right and 1/10 of what it represents in the place to its left.

5.NBT.2 Explain patterns in the number of zeros of the product when multiplying a number by powers of 10, and explain patterns in the placement of the decimal point when a decimal is multiplied or divided by a power of 10. Use whole-number exponents to denote power of 10.
