Moore's Baseline Writing

Important Announcements

- Parent Conferences Are Available Upon Request
- Every Wednesday & Friday scholars will have lunch bunch with Mr. Bacon & Mr. Moore based upon points earned during the week through Class Dojo.
- Mr. Moore would still like for everyone to send in treats for classroom incentives.

Greetings Parents & Scholars:

Five weeks into this school year and I believe that our scholars are having fun learning overall. It is my mission to return the love of reading & math to each and every one of them. In all honesty, every day will not be easy, as the work and work load will increase.

This week we are changing standards in both reading & math, but the writing will remain focused on development of the plan through the body paragraphs. Each scholar should be able to plan and develop a sufficient intro at this point.

We are also scheduling parent conferences beginning this week and look forward to meeting with each of you.

Again, thank you for entrusting us to help make a difference in the lives your children!

Mr. Moore & Mr. Bacon

AGGIE Account

Welcome back everyone! Looking forward to getting into full gear after the storm. Parent's homework will be given out on Mondays & Wednesdays in Reading/Writing. Those are set days, but there may be an occasional assignment given on different days that may include the weekend due to developing them in writing. Please note that the expectation of reading for 30 to 45 minutes nightly is not considered a part of this homework note. It is separate.

RATTLER Release

This week we will need to maximize on all time provided for completing ZEARN lessons! We will discuss completion rewards and incentives this week, also parents please make sure that scholars are finishing homework weekly and attaching their work to their homework sheet.

Aggie's Reading & Writing

LAFS.5RL.1.1 Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text

LAFS.5.RL.1.2 Determine a theme of a story or poem from the details in the text, including how characters in a story or drama respond to challenges or how the speaker in a poem reflects upon a topic.

Rattler's Math & Science

(5.NBT.3) Use place value understanding to round decimals to any place.

Objective: Round a given decimal to any place using place value understanding and the vertical number line
