- This is the final unit for math and we will begin to review previously taught principles in hopes of really giving them the opportunity to grasp more foundational or difficult math concepts from the previous units.
- Wednesday folders (from the school) will be sent home each Wednesday and are expected to be returned each Thursday. If you see an orange folder at home please return it back to school.
- I will be out on 4/18, 4/19, and 4/22
- THERE IS A FIELD TRIP and the permission slips went home today!
- You may notice a new homework paper!! Tell your kiddos it's like the UFLI Decodable passages from class. They will read the story to you (please let them read it) and then they will draw an illustration of what took place at the bottom of the page. I'm excited to see their lovely illustrations!
